Good afternoon Aaron, Thank you for getting back to today, As i said last night im worried about where John Mquire is trying to put the driveway, I feel he has that whole field to work with for a road, Im very concerned about a road right in back window. Ive been in Charlotte my whole life, Im not trying to hold up and project at all, Im hoping at the board can look at from where im coming from, If its a 20 bedroom living area thats alot of traffic. So please keep me posted as concerned neighbor and all emails plus notes that could look over, I thank you for your time today and look foward to meeting you some day. John c Sheehan
