

Charlotte Conservation Commission

May 8, 2024

To: Members of the Charlotte Development Review Board and Project Applicants
RE: DRB 24-048-SPA-TOC Garage

The Charlotte Conservation Commission (CCC) received notice of DRB 24-048-SPA-TOC Garage on April 15, 2024. We reviewed the application including the revised landscape plan. It is hard to predict if the landscape plan will provide adequate screening in the future and we suggest reevaluation once the newly planted trees and shrubs have had a chance to get established. We do not have any other comments or questions regarding conservation at this time.

Thank you for your time.

—The Charlotte Conservation Commission
