

BID PROPOSAL
FOR
SPEAR STREET CULVERT REPLACEMENT

Due Date: October 22, 2024, 5:30 PM

Proposal from: Engineers Construction, Inc.
hereinafter called "Bidder"

"a corporation" of the State of Vermont

"a partnership," registered in the State of _____
(Check proper box)

To Town of Charlotte, Vermont:

Women and Gentlemen:

The Bidder, in compliance with the invitation for bids for the Spear Street Culvert Replacement Project, having examined the Plans and Specifications with related documents and the site of the proposed work, and being familiar with all of the conditions surrounding the construction of the proposed project including the availability of materials and labor, hereby proposes to furnish all labor, materials and supplies, and to construct the project in accordance with the Contract Documents, within the time set forth therein, and at the prices stated below. These prices are to cover all expenses incurred in performing the work required under the Contract Documents, of which this proposal is a part.

Bidder hereby agrees to commence work under this Contract on or before a date to be specified in written NOTICE TO PROCEED of the OWNER and to reach substantial completion of the project within 155 days of receipt of the Notice of Award (Estimated at April 6, 2025).

The undersigned hereby certifies that he is able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

The undersigned hereby acknowledges that he has read this proposal in its entirety and understands and agrees to all provisions contained herein.

Respectfully Submitted:

ENGINEERS CONSTRUCTION, INC.

October 22nd, 2024

Mr. Nate Bareham
Town Administrator
Town of Charlotte
PO Box 159
Charlotte, VT, 05445

Re: Spear Street Culvert Replacement

Dear Mr. Bareham,

It is my pleasure that our firm, Engineers Construction, Inc. (ECI) submits the following proposal to provide construction services for the above-referenced project. Our firm has been providing construction services to the Chittenden County community for over 50 years and we have the experience and depth needed for the successful completion of this project.

We have taken the liberty to attach our firm's major projects from 2019 to 2023, which will show ECI's commitment to taking on the challenges that are associated with major construction in Vermont, as well as the track record of successfully completed projects. We have highlighted a few of these recent projects that share challenges like this culvert replacement project on Spear Street. Any further references can be provided to you at a later date if desired.

As stated above, ECI has been providing construction services for over 50 years, and is authorized to do business in the State of Vermont. As evidence of authority to do business in Vermont, ECI's Vermont Contractor License Number is 174.0000308.

ECI understands that time is of the essence for this project, and the Town desires that all work shall be completed by April 6th, 2025, with the exception of the final paving and line-striping of the roadway, and turf establishment of restored areas. ECI also understands that some of the work will take place outside of the Town's right of way, and great care must be taken to accommodate the appropriate landowners' use requirements as a part of the construction process. ECI is also confirming receipt of Addendum #1 dated October 15th, 2024, and Addendum #2 dated October 18th, 2024.

We look forward to the opportunity to work with the Town of Charlotte.

Respectfully submitted,

Nick Gaudreau
