Subject: Re: Request to the Selectboard

Thanks, Carrie. Here's a picture of what we would like to put up to match the color and size of the EV charger sign:

It is 18" x 18" in dimension. Junior said it could go underneath the arrow for the EV sign. Let me know if you have any further questions.

Thanks.

Margaret

Margaret,

Can you send me a picture of the sign you want to put up? I can talk with Natalie about putting it on the SB agenda tomorrow and would love an example of your request to avoid any confusion and mitigate the discussion. I'll be in the office and digging out of emails for a day or so.

Carrie
