

## Ferry Road Town Link Trail 2024

Proposal on the next section of trail to be built:

As per procedural instructions from SB member Frank Tenney we, the Trails Committee, are submitting a rough drawing of where the proposed next section of trail would be built, thus extending the new trail by the old health ctr, heading west towards the railroad tracks and crossing the tracks to continue on to cross the road to join up with the existing Cowboy Lewis Trail. The future goal will be to extend the trail further to the Charlotte Beach.

New Existing Trail from Greenbush Rd. to Ferry Rd.

New Trail to be constructed heading west on Ferry Rd.

Challenges: Standing Water

Mike Dorsey Property: Challenges, septic, where is it and is it in the way of the trail?

Looking up Ferry Rd from RR Tracks

Heading West from the RR Tracks to Ferry Rd Business Ctr

Crossing Ferry Rd to connect to existing Cowboy Lewis Trail
