**(F) District Standards:**

- (1) For the purposes of these regulations, leaseholds shall be considered lots. No further subdivision of leaseholds nor boundary adjustments ~~not is~~ are allowed.
- (2) Accessory structures to allowed residential uses within this district are limited to one structure per leasehold (e.g., a utility shed) whose footprint (as defined per F7, below) does not exceed eight (8) feet in width, 12 feet in length, or 12 feet in height.
- (3) Accessory dwellings (permanent or temporary, including campers, platform tents, recreational vehicles and dwellings built on trailers) are ~~specifically~~ prohibited in this district.
- (4) Municipal facilities allowed within this district are limited to municipally owned and/or operated outdoor recreational facilities (parks, beaches, lake access, other outdoor facilities and associated accessory structures), and municipal water and wastewater systems.
- (5) In addition to the provisions of Section 3.15, existing native woody vegetation between the shoreline and a structure shall be preserved and maintained. No existing or proposed use or activity shall result in soil erosion or adversely impact designated wildlife habitat areas. All trees on leased lots are owned by the Town, and permission from the Tree Warden shall be required for cutting ~~or pruning~~ standing trees within this district. Dead or storm damaged trees shall not be ~~cut~~ removed unless they are determined by the Tree Warden to be a hazard to structures or to public safety.
- (6) Ordinary maintenance and repair of an existing structure which does not alter its footprint, height, appearance or historic character does not require a zoning permit.

- (7) No construction activity other than routine maintenance shall occur within this district between July 1 and Labor Day.
- (8) The alteration or expansion of an existing ~~principal structure~~ seasonal dwelling may be approved by the Development Review Board subject to conditional use review under Section 5.4 provided that:
  - (a) the building footprint which is covered by a roof (including ~~covered~~ porches and decks) does not exceed seven percent (7%) of the area of the leasehold it occupies; and
  - (b) the alteration or expansion is not for the purpose of increasing occupancy; and
  - (c) the applicant can demonstrate that all municipal and state regulations for sewage disposal are met for each structure altered or expanded including, where applicable, the Thompson's Point Wastewater System ~~Sewer~~ Ordinance.
- (9) ~~The alteration, expansion or repair of any structure shall not reduce the structure's existing setback distance from the shoreline (mean high water mark) as of the effective date of these regulations or 100 feet whichever is less, nor increase the height of the structure so that it exceeds two (2) stories or 30 feet, whichever is less.~~
- (9) ~~Demolition and alterations, expansions or repairs that change the appearance, height, footprint or historic character of an existing structure are subject to conditional use under Section 5.4, design review under Subsection (G), and the requirements of Section 3.1. Historic~~ Existing seasonal dwellings damaged beyond repair may be replaced within the same footprint, subject to conditional use review under Sections 5.4, and design review under Subsection (G).
- (10) Temporary docks which are wooden or metal, used only for noncommercial purposes, are mounted on piles or floats, and removed at the end of each season do not require a zoning permit if the total (combined) length of all docks under single ownership does not exceed 50 feet (from Mean High Water), and the total (combined) area of all docks, including deck areas, does not exceed 500 square feet. No concrete, masonry, earth or rock fill, sheet piling, bulkheading, cribwork, or similar construction may form any part of the dock. Other types of docks shall be considered shoreline improvements.
- (11) Shoreline improvements are exempted from shoreline setback requirements, but shall be sited and designed to avoid wetlands, designated wildlife habitat, and other sensitive shoreline features; shall minimize surface runoff, channeling and soil erosion; and shall avoid adverse impacts and obstructions to adjoining shoreland areas.

**(G) District Design Review Standards.**

Before granting conditional use approval for any alteration, ~~or expansion,~~ of any ~~portion of any principal structure~~ seasonal dwelling, the Development Review Board shall seek the recommendations of the Design Review Committee. The Committee's recommendation to the Board shall include its findings with regard to the following design review criteria:

- (1) The size, scale, style, design and materials of any structural alteration, expansion or replacement are consistent and harmonious with existing structures, and with the overall historic ~~and aesthetic~~ character of the area.
- (2) Natural features should be identified.
- (3) ~~Alterations or additions to an historic structure seasonal dwelling shall preserve the historic appearance of the structure and not alter the structure's historic integrity.~~
- (3) Alterations or additions to existing ~~structures and new structures~~ seasonal dwellings shall be compatible with the visual elements of surrounding ~~historic structures~~ seasonal dwellings and the overall historic ~~and aesthetic~~ character of the area.
- (4) ~~The demolition of structures of historic significance shall be discouraged.~~
