

**Town Administrator's Report
Selectboard Meeting on March 15, 2024**

Emergency Selectboard Meetings

- According to V.S.A. § 312(c)(3), an emergency meeting may be held in the event of a true emergency, that is, “only when necessary to respond to an unforeseen occurrence or condition requiring immediate attention.”
- Emergency meetings do not require public announcement, posting of notices, meeting agendas, or 24-hour notice to members, so long as some public notice is given as soon as possible before the meeting.
- This meeting has been added to the Town’s Meeting Calendar on the Town’s Website and to the Selectboard’s 2024 Meeting Packet. Additional public notice may be provided.

VT Heavy Timber Proposal for Further Repairs to the Holmes Creek Covered Bridge:

- The Town was made aware Thursday that additional repairs needed to be made to the Holmes Creek Covered Bridge. I reached out to the Senior Engineer at VTrans, who indicated that the Holmes Creek Covered Bridge may remain open past the 30-day window, which was provided in their Notice to the Town on February 15th, 2024, if these repairs were made quickly.
- Miles Jenness, from VT Heavy Timber, submitted an updated proposal to the Town outlining the costs associated with these additional repairs. In total, the remaining repairs will cost \$15,300.
